Based on the overwhelming response to the petition, tonight we formally requested the Board hold a Special Meeting just to address the clubhouse renovation and debt. We will keep you posted regarding their response. Please, we will need lots of voices to be there in person.

Here is the text of the email sent to the Board. Note: for privacy, the list of signators that was sent to the Board will not be sent to the entire mailing list.

In accordance with TCC bylaws, Section 2 Special Meetings, the attached list of 301 Terravita Country Club members, representing 261 unique physical addresses, request the Board of Directors call a Special Meeting within 10 days. The express purpose is to present objections and for the Board to answer questions to the size and expense of the Clubhouse Renovation.

Electronic signatures were obtained by an on-line petition which you have no doubt seen. The petition was only sent to a portion of homeowners. Please read through the comments left by concerned homeowners. Consistent with the 2012 community survey, clearly these petitioners do not want the Club in debt. The petition can be found here:

<http://www.thepetitionsite.com/205/305/450/terravita-country-club-call-for-a-special-board-meeting-on-clubhouse-renovation-loan/>

We hope that the Board responds to our request based not on what they are legally allowed to do, but rather in response to the clearly expressed concerns by the stakeholders about what is best for the community. The goal is a clubhouse renovation which requires no borrowing.
